LEARNING ABOUT FIRE

Texas Review Press. Paperback. Book Condition: new. BRAND NEW, Learning About Fire, Ingrid Browning Moody, The poems in this collection inhabit an intimate landscape of basement bathrooms and neighborhood pools, places where the familiar becomes strange: a house burns on an empty highway; Jesus has his portrait made by a hobbyist painter in a linoleum-tiled room. These poems search out the unseen that exists behind the known, not to erase it by naming it, but to grapple with its presence and power, its effect on all that we can know and see. Learning about Fire The sky ratcheted whole over us on the beach, the stars and the black all one thing, cranked by some cosmic mechanism. Someone threw a book into the fire. It sat unchanged for awhile, then its green cover drained and the pages began to swell, bloom open, the edges curling back then fluttering--brittle, but out of habit holding onto their old shape, the whole thing swaying a little, a boat rocking on the water. Just as I began to think that maybe it could keep on like this, in-between, for as long as we could keep the fire going, someone lifted a stick to poke it. The intention was enough--the whole form didn't crumble: it vanished.
