When they were coming back home from a party Jennifer felt sick and asked Max to stop the car. Max did what she wanted and when she felt better and was ready to get into the car she saw a strange figure that in some way looked like a human being. They approached to it. The creature appeared to be an alien who invited them boarded. the real space ship. Next morning, disoriented and confused, the young couple came to their senses - but without having any clue what happened to them, especially Jennifer. But even when Max carefully explained her everything what happened she still didn't believe him. Some kind of perverted joke, a simulator or just a trick - anything but not the alien ship she said! Adventures. Thriller. Space Battles. Aliens. Others planets are waiting for you. But nobody knows whether it was on real or some kind of hypnosis. The book is full of intrigues. For people who love sci-fi, action and want to read something new.
