## THE MARRIAGE OF SENSE AND SOUL: INTEGRATING SCIENCE AND RELIGION

Harmony. Paperback. Book Condition: New. Paperback. 240 pages. Dimensions: 8.0in. x 5.3in. x 0.5in. There is arguably no more critical and pressing topic than the relation of science and religion in the modern world. Science has given us the methods for discovering truth, while religion remains the single greatest force for generating meaning. Yet the two are seen as mutually exclusive, with wrenching consequences for humanity. In *The Marriage of Sense and Soul*, one of today's most important philosophers brilliantly articulates how we might begin to think about science and religion in ways that allow for their reconciliation and union, on terms that will be acceptable to both camps. Ken Wilber is widely acclaimed as the foremost thinker in integrating Western psychology and the Eastern spiritual traditions. His many books have reached across disciplines and synthesized the teachings of religion, psychology, physics, mysticism, sociology, and anthropology, earning him a devoted international following. *The Marriage of Sense and Soul* is his most accessible work yet, aimed at guiding a general audience to the mutual accord between the spiritual, subjective world of ancient wisdom and the objective, empirical world of modern knowledge. Wilber clearly and succinctly explores the schism between science and religion, and the impact of this philosophical Cold War on the fate of humanity. He systematically reviews previous attempts at integration, explaining why romantic, idealistic, and postmodern theories failed. And he demonstrates how science is compatible with certain deep features common to all of the world's major religious traditions. In pointing the way to a union between truth and meaning, Ken Wilber has created an elegant and accessible book that is breathtaking in its scope. From the Hardcover edition.
