A really great publication with lucid and perfect reasons. I have read through and i am confident that i am going to gonna read yet again yet again down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.

Brand New Book ***** Print on Demand *****.Excerpt from Physical Training Treated From American and European Points of View The Sun has done me the compliment to ask for some account of my journeying and studies during my stay in Europe, from the middle of May, 1888, until the end of August, 1889. But it seems to me that I can better serve the cause of physical training, in which the public is beginning to take a livelier and more intelligent interest than hitherto, by foregoing any attempt to give an itinerary or description of my travels and observations, however interesting and instructive they were to myself, and by attempting to set forth, in as impersonal a way as possible, some of the conclusions at which I have arrived as the result of my personal study of gymnasia, play-grounds, public and military schools, and orthopaedic institutes in America, as well as in England, Germany, Switzerland, Russia, and Sweden, and to note some of the problems with regard to physical training which are occupying or seem likely soon to occupy the attention of educators in Baltimore, as well as in other parts of the country. As I shall not cumber what I have to say with references to authorities, or with my reasons for what may appear to be unsupported and arbitrary opinions, it seems proper for me to state that, before I was enabled to devote some months to the study of athletics and gymnastics in England d(iermanv. in i8Sr, I had had occasion to visit all the P.E.
