A top quality ebook as well as the typeface used was interesting to see. It usually fails to charge an excessive amount of. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Penguin Books Ltd. Paperback. Book Condition: new. BRAND NEW, World Order: Reflections on the Character of Nations and the Course of History, Henry A. Kissinger, In World Order, Henry Kissinger - one of the leading practitioners of world diplomacy and author of On China - makes his monumental investigation into the 'tectonic plates' of global history and state relations. World Order is the summation of Henry Kissinger's thinking about history, strategy and statecraft. Islamic states have looked to their destined expansion over regions populated by unbelievers, a position exemplified today by Iran under the ayatollahs. For over 2000 years the Chinese have seen 'all under Heaven' as being tributary to the Chinese Emperor. America views itself as a 'city on a hill', a beacon to the world, whose values have universal validity. How have these attitudes evolved and how have they shaped the histories of their nations, regions, and the rest of the world? What has happened when they have come into contact with each other? How have they balanced legitimacy and power at different times? What is the condition of each in our contemporary world, and how are they shaping relations between states now? To answer these questions Henry Kissinger draws upon a lifetime's historical study...
