## The Scientific American Book of Love, Sex and the Brain: The Neuroscience of How, When, Why and Who We Love

By Scientific American, Judith Horstman

John Wiley and Sons Ltd. Hardback. Book Condition: new. BRAND NEW, The Scientific American Book of Love, Sex and the Brain: The Neuroscience of How, When, Why and Who We Love, Scientific American, Judith Horstman, Who do we love? Who loves us? And why? Is love really a mystery, or can neuroscience offer some answers to these age-old questions? In her third enthralling book about the brain, Judith Horstman takes us on a lively tour of our most important sex and love organ and the whole smorgasbord of our many kinds of love- from the bonding of parent and child to the passion of erotic love, the affectionate love of companionship, the role of animals in our lives, and the love of God. Drawing on the latest neuroscience, she explores why and how we are born to love- how we're hardwired to crave the companionship of others, and how very badly things can go without love. Among the findings: parental love makes our brain bigger, sex and orgasm make it healthier, social isolation makes it miserable- and although the craving for romantic love can be described as an addiction, friendship may actually be the most important loving relationship of your life. Based on...
