Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Pamphlets on Forestry in Michigan, Vol. 3 In the botanical laboratory instruction is given in the practical study of the structure, development, and physiology of plants, and opportunity is offered for investigation in cellular biology, in embryology, physiology, and pathology. Provision has also been made for graduate students entering upon the professional study of forestry to carry on special work in botany. The library contains approximately 3,000 bound volumes of exclusively botanical books, 2,000 volumes of which are shelved in the laboratory. These include the leading American, English, German, and French botanical periodicals, among which are the Annals of Botany, Botanical Gazette, Journal of the Linnaean Society, Botanische Zeitung, Botanisches Centralblatt, Botanischer Jahresbericht, Flora, Jahrbucher fur wissenschaftliche Botanik, Annales des Sciences naturelles, Bulletin de la societe botanique de France, Annales du jardin botanique de Buitenzorg, and others. The laboratory comprises four large rooms for general work, five smaller rooms for the work of instructors and investigators, a room for alcoholic material, a dark room and store rooms. The section assigned to morphology and cytology is...
