Kids become rubbish warriors in Garbage: Investigate What Happens When You Throw It Out. Along the way, kids explore the science of garbology, discover fascinating information archaeologists learn by excavating middens, and use projects to investigate the world of trash. Activities include whipping up a delicious edible landfill, brewing natural dyes for a T-shirt, and comparing the effects of commercial and homemade cleaners. Kids will learn that the battle against the world's overwhelming waste problem begins with them.
