

National Demonstrative Higher Vocational School project deliverables series of chemical synthesis: Analytical Chemistry [Paperback]

Filesize: 1.16 MB

Reviews

Very good e book and useful one. it was actually writtern extremely properly and useful. I found out this pdf from my i and dad recommended this publication to discover.
(Heloise Wiegand)

NATIONAL DEMONSTRATIVE HIGHER VOCATIONAL SCHOOL PROJECT DELIVERABLES SERIES OF CHEMICAL SYNTHESIS: ANALYTICAL CHEMISTRY [PAPERBACK]

DOWNLOAD

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback Pages Number: 154 Language: Simplified Chinese Publisher: China Light Industry Press; 1st edition (January 1. 2012) Contents: Analytical Chemistry overview of the learning modules. the basic operation of analytical chemistry learning objectives necessary knowledge. analysis basic operation of the balance. titration analysis of the basic operation of three error theory. the basics to expand knowledge of potential analysis of the quantitative method introduces the basic principles of exercise learning unit two acid-base titration learning objectives necessary knowledge. titration analysis. acid-base titration standard solution and calibration of four buffer solution. the basic calculation of six. the application of the acid-base titration to expand the knowledge of UV-visible spectrophotometry. exercises learning units coordinate titration learning objectives necessary knowledge. with the titration France overview of the nature of EDTA complexes of EDTA ligand dissociation and impact factors and four metal indicator five. six of the ligand titration with the titration conditions. application to expand the knowledge of the ligand titration atomic absorption spectrometry introduce exercises learning modules four redox titration learning objectives necessary knowledge. redox equilibrium. oxidation-reduction titration 3. four of the potassium permanganate method. potassium dichromate method five iodometric method for six redox method applied to expand the knowledge of gas chromatography introduction exercises to learn the unit five precipitation titration learning objectives necessary knowledge. precipitation titration overview of two. the basic principles of precipitation titration. precipitation titration method for the application of four quality analysis to expand the knowledge high performance liquid chromatography (HPLC) introduce Problem experimental unit analysis of two titration of the Chemical Laboratory of the basics of experimental analytical balance weighing exercise experimental analysis of the basic exercises I experiment three titration analysis of the basic...
